# JURY FAILS TO INDICT OPPENHEIM

SAN FRANCISCO, Feb. 23.—Failure of the San Francisco county grand jury to indict Police Judge Morris Oppenheim for perjury before that body in his testimony on the George Imperiale "bail juggling" case last night followed a ruling by Assistant District Attorney Joseph O'Connor that since the incident occurred in the judge's previous term of office the present grand jury had no jurisdiction.

His ruling was based on the fact that Imperiale, charged with running down and killing Robert Mitchell, son of Louis Mitchell of 120 Twenty-seventh street, that he reduced the bail from \$2500 cash to \$1000 cash on the request of Pete McDonough, and that the case was dismissed by bribery, was the substance of the testimony before the grand jury by C. Vincent Riccardi, attorney, convicted of embezzling \$1500 from a client and who has turned states evidence.

Riccardi said he offered to get Imperiale out on bail and then have the case dismissed for \$500. The offer was accepted, he said, and he took Mrs. Imperiale to McDonough, who immediately obtained Imperiale's release on \$1000 bail and subsequently the case was dismissed. Judge Oppenheim testified before the grand jury that he reduced the bail in the regular manner. Riccardi said today that if the case is dropped, he is through with exposures.

Riccardi's charges that \$500 was paid to McDonough to secure freedom for Joseph Imperiale, convicted of manslaughter, were transferred from the Stockton grand jury to the San Francisco grand jury. The San Francisco grand jury also heard Frank Baralona, one of the men accused with Imperiale and Imperiale's son on the same charge.

## POLICE PRAISE 'TRAFFIC LAWS,' 'TRIBUNE' FILM

Demonstrations of speed and traffic laws, contained in a film loaned to the TRIBUNE-T and D. News Weekly. New scenes taken to show the safeguards that are exercised to protect children coming out of school are a part of the additional pictures on this week's weekly.

The traffic squad of the Oakland police department feels that every motorist and pedestrian should see these pictures as a sure means of acquainting the general public with the laws that govern traffic.

Many interesting local events are contained in this week's TRIBUNE-T and D. News Weekly at the T. and D. theater.

**Soviet Members Ask Aid in Getting Home**  
SAN FRANCISCO, Feb. 23.—The proposal to aid members of the San Francisco Russian soviet, aliens, to return to their native land is put up by Mayor James Rolph, Jr., by a group of Russians who have visited the city. The group, which includes a group of Russians who have visited the city, are pleading for aid in getting home.

Coincident with their appeal is the case of 15-year-old George Evdokimov, who is detained at Angel Island and may be sent back to Vladivostok because he has no passport. He wears a Red Cross uniform, as he served as office boy and assistant interpreter in the Red Cross office in Vladivostok. He does not want to go back to Russia.

He will be sent back to Vladivostok unless his brother, Alexander Evdokimov, 22, who lives in Eureka, can satisfy the authorities that he will not become a public charge.

**Fruit Dehydrator Company Organizes**  
Formation of the Thomas I. Casey Dehydrator Company came to light yesterday with the filing of incorporation papers with County Clerk George Gross. The new concern is capitalized at \$25,000 and will trade in fruit dehydrators.

The company is in possession of a new machine, which it is said will dry all kinds of fruits in a more natural manner than the sun and with no danger of rain loss. Theodore Gar, former wineman, is a director in the new company.

An orange-outing seldom leaves a tree except for water.

# RAIL RETURN MEANS RACE AFTER TRADE

As a result of the return of the railroad's private ownership next Monday, indications are that competition will be sharper than ever before, with every road standing ready to secure its share of business. The United States Railroad Administration is already in course of disorganization.

The present week the director-general's office in Washington will be the only remnant of the former war-time railroad administration.

The administration has been reported as a result of the return of the railroad's private ownership next Monday, indications are that competition will be sharper than ever before, with every road standing ready to secure its share of business.

There will be no change, so far as known at present, in Oakland's general business offices will remain in operation under their present staffs, enlarged somewhat by the addition of former employees.

It is known that W. T. Price will be vice-president in charge of operations and construction for the Southern Pacific lines, with J. H. Dyer as general manager. G. W. Lane is freight traffic manager, and Charles S. Lee as passenger traffic manager. These men will hold the same positions they held before the war.

**WOODCOCK STILL EVADES POLICE**  
SAN FRANCISCO, Feb. 23.—Judge Louis H. Ward and H. C. Connick, attorney for Mrs. Alice H. Woodcock, charged with murder on account of the slaying of Edward George Woodcock, will confer tomorrow morning in the court's chambers.

Council did not state what matters might be taken up and his request led to considerable speculation in the courtroom. It was suggested by some that Connick and William Kehoe, Mrs. Woodcock's other lawyer, wish to arrange for bail for Woodcock with a view of surrendering him, or perhaps they wish to pave the way for an application for probation.

The case has been set for future trial but the date will not be determined until Thursday. The bench warrant charging Edward Woodcock with perjury, on account of testimony which he gave at the time he was charged with murder, has not been served because Woodcock cannot be located by the police.

Woodcock will surrender himself to answer a grand jury indictment accusing him of perjury in the murder trial, despite the inability of the police department to locate him or serve papers on him. William Kehoe, his attorney, said here today.

"I have no idea how soon Woodcock will give himself up," Kehoe said. "I am unable to give the reason for his present inability to surrender himself, but he will certainly give himself up. I am now waiting for a communication which will give me an idea as to how soon he will appear."

**LIPTON'S RACING YACHT SAVED BY SNOW FROM FIRE**  
NEW YORK, Feb. 23.—A month of snow on the canals and docks of the famous Argonne racing yacht, the Shamrock IV, and the Vanitie, saved these vessels from destruction today when a \$1,000,000 fire burned the other yachts in the Jacobs Brothers shipyard at City Island. The fire prevented the flames from gaining foothold on the Shamrock IV, which was in drydock only twenty feet from one of the ruined yachts. The Shamrock IV is owned by Sir Thomas Lipton.

**Gifts Sought for Children of East**  
Mrs. Selma Merrill, wife of the former United States consul to Palestine and Mrs. J. E. Carraway who are in daily attendance at the Liberty Hut to receive gifts for the relief of starving children of Armenia and Syria, report that contributions continue to be made liberally. More than 150 helpless children perish every day in the Near East for lack of food, it is declared.

**Women Urge Woman As Market Director**  
SAN FRANCISCO, Feb. 23.—A woman for the office of market director, to succeed Colonel Harris Weinstock, resigned, as being advocated by women in San Francisco.

Mrs. Grace B. Calverley, director in the government land office in the customs house, and Mrs. Genevieve Chappell, president of the California Federation of Women's Clubs, are among those who have been separated and the ignorant of their relations with Le Doux, together with San Francisco and later to Stockton, where the crime was committed in March, 1919, when the woman poisoned him and tried to dispose of the body by sending it away in a trunk.

## Dempsey and Kearns Face Arrest on Draft Evasion Charge When They Arrive

Jack Dempsey, heavyweight champion prize fighter of the world, and Jack Kearns, his manager, are expected to arrive in San Francisco today from Los Angeles, when they will be arrested by federal agents.

The United States grand jury, it is reported yesterday, voted true bills against both Dempsey and Kearns and indictments will be returned against the accused men when the jury makes its final report in the United States district court Friday, it is said. The indictments will charge them with having made false statements and otherwise perverting the justice of the law.

On the second indictment the penalty is imprisonment for not more than one year and a fine of \$1000 on each count of the indictment.

The evidence before the grand jury, it is said, shows that Maxine Dempsey was given an initial payment of \$1500 to sign an affidavit that her charges against Dempsey were not true.

On the second indictment the penalty is imprisonment for not more than one year and a fine of \$1000 on each count of the indictment.

**Housewives Barter Personal Charges at League Meeting**  
(Continued from Page One.)

Barclay, was present, was brought into the debate and was made a point of strong attack. Mrs. H. J. Platts rose to demand that Oakland and Berkeley women take part in the league.

The warfare swept, overwhelming by the query of one young housewife, who arose to be heard, until the grand jury reports Friday any reports of its action are unofficial. Those, however, who have access to the jury room are positive of the reports.

"We will be drawn into legislative affairs," cautioned Mrs. Grasser. "We must be careful that we are not used."

Following a debate of an hour, the question was called for and the league went on record in favor of calling a new convention in which delegates from all organized leagues should be seated. It is generally understood that when the San Francisco league takes similar action a new convention will be called, including San Mateo, Palo Alto and San Jose bodies, which were generally pronounced.

"The state league is going right on in its work of fighting the high cost of living," Mrs. Scanlon, vice president, declared, in the close of the program. "We are gaining strength and are organizing new leagues everywhere."

Warfare was continued into the corridors of the city hall, following adjournment.

**Pantomime Presented for National Memorial Benefit**  
The "Maid of Argonne," a pantomime produced under the patronage of the Ebel club and Oakland society women patrons, was presented last night at the Oakland Auditorium theater, with Miss Joan London, daughter of the late Jack London, in the leading role.

The production was written and staged by Miss Anna Molire, descendant of the French philosopher. The local presentation was one of a number throughout the nation to raise funds for the construction of a national memorial at Washington for the soldier dead of America.

A feature of the production was the depiction of the Argonne battle, with the famous Lost Battalion as a feature. There were appropriate scenic effects and a large cast of former service men who saw fighting in the Argonne forest took part.

The part played by Miss London was that of an Alsatian toy maker in the occupied territory. Other characters included natives, both peasants and the royalty, of the Alsatian district as well as war workers and refugees.

A dance by the Misses Virginia and Alice Marvin won applause from the audience.

The director of the dramatic work was Mrs. Frederick Samuel, author of a number of short plays. During the war Mrs. Samuel took an active part in the affairs of the Navy league.

Several dancing numbers were presented by a group of dancing girls from the University of California, who played parts of students in the Latin quarter of the little Alsatian village.

Several solos by Mrs. T. A. Ricard, Mrs. Vernon Smith and Lawrence Strauss during the evening presentation were other features of the performance.

## WOMAN SLAYER SEEKS PAROLE

SAN FRANCISCO, Feb. 23.—Eugene Le Doux, who married Emma McVicar while she was still the wife of Albert McVicar, and who later to keep her first husband from a discovery of her act killed him, is reversing the old axiom of prison wardens that the average woman will wait three years for the release of her husband from jail to then file a suit for annulment, by demonstrating that the man frequently does the same thing.

Mrs. Le Doux is one of the two women who have been sentenced to hang in California. An appeal to the Appellate Court, gained a new trial, at which she pleaded guilty with the understanding that she would be given a life sentence.

Plans are now forming for her release on parole. Le Doux refuses to assume the responsibility of the woman should she be released. In order to obtain parole it is necessary to show that there is some one who will care for her. No other person can be appointed until Le Doux and his wife are legally separated. Filing of the annulment suit by Le Doux is the first step toward this separation.

Le Doux and his wife were married in 1905 while she still was the wife of McVicar. She has been married twice before. A year after she became Mrs. Le Doux she again met McVicar, from whom she had

## OIL PAINTING IS STOLEN FROM ART GALLERY

It was discovered this morning by W. H. Clapp, director of the Art Gallery at the Municipal Auditorium, that thieves had stolen an oil painting from the wall. The painting was the property of Miss Florence Weiben, assistant to the director. It is thought by Clapp that the theft occurred Sunday, when a large number of people visited the art exhibit. The painting was of small dimensions and could be concealed beneath a coat. The police have been furnished with a description of the missing picture.

## Abandoned Husband Is Granted Divorce

Charging that his wife abandoned him in October of 1918, Theodore E. Thorsen was granted an interlocutory decree of divorce from Mrs. Thorsen by Judge T. W. Harris today.

They were married in January, 1909, and have no children. The evidence showed that Mrs. Thorsen is now earning her own living by operating an elevator in the Dadel building. Mrs. Thorsen lives at 2308 Telegraph avenue.

## AVOIDABLE FIRES SHOW BIG LOSS

Despite the effective work of over 400 rural fire companies, the loss in grain, pasture and hay in California by fire during 1919 totaled nearly \$375,000, \$368,359 of which was lost in valuable grains alone. Alameda county lost but \$333, while Yolo county was the biggest loser with a total of \$33,620.

Removal of dry grass, furrows ploughed around fields, cutting hay strips, using care in burning stubbles, use of safety spark arresters on tractors and trucks and better organization and more fire equipment are measures recommended by the State Board of Forestry for prevention in a circular just issued entitled "Grain, Pasture and Hay Fires in California in 1919."

## POLICE VACANCIES LIST IS RECEIVED

Further delay in filling the two existing vacancies in the plain clothes division of the police department has been caused by the necessity for the submission of three names from the Civil Service Board's eligible list for assistant inspectors. The vacancy has gone begging as far as the first three candidates on the list are concerned.

In order to make possible an appointment to fill the place vacated by Assistant Inspector Alex Sheffer, who died several days ago, Secretary Frank C. Colburn of the Civil Service Board submitted to Commissioner of Public Health and Safety F. F. Morse the first three names on the available list, those of John W. Maxey, Curtis O. Hunt and E. W. Brock.

All three are at present sergeants, and Hunt and Brock waived appointment to the plain clothes branch. Maxey was dropped from the list because he did not reply on the submission of his name within the necessary three days. Commissioner Morse today asked Colburn for another list of three names.

The next three on the list are V. O. Coley, who is now a sergeant at the head of the present "morals squad"; Alexander Trotter, a patrolman and R. T. Tracy, who is now in the inspectors' bureau on temporary assignment.

## School Board Hears Protest Against Medical Card Plan

The controversy that developed before the school board several weeks ago between opposing factions of those interested in the handling of health questions in the local schools was revived at a meeting of the school board last night, when a protest was laid before that body against the present method of distributing cards exempting pupils from medical examination.

The protest was registered by Dr. N. K. Foster, former medical director in Oakland schools, who appeared as the representative of the health committee of the Chamber of Commerce, the Anti-Tuberculosis society, the Alameda County Medical association and other organizations interested in health matters.

Dr. Foster asked for a hearing on the question in behalf of the examination by representative and requested that the board reconsider its previous action taken at the request of a delegation that appeared before the board several weeks ago with a vigorous protest against the present methods of medical examination of all pupils and the courses of health instruction.

Pursuant to that protest the board, through Superintendent of Schools Fred M. Hunter, issued a bulletin requesting all principals to inform parents of pupils of their rights under the state law, of having their children excused from medical examination on grounds of conscientious objection. Since that time the exemption cards have been distributed to all parents accompanied by notes explaining the rights of parents in the matter.

In bringing the issue before the board for reconsideration last night Dr. Foster declared that the children most in need of medical attention and care are those of poor parents who will sign the cards without knowing their contents, and that most of the cards presented with signatures asking the exemption of the children will not express the true desires of the parents.

DISCUSSION FOLLOWS.  
The question resulted in consideration.

## JOHNSON HELD AS ROOSEVELT'S HEIR

WASHINGTON, D. C., Feb. 25.—Friends of Senator Hiram Johnson produced a letter yesterday written by Theodore Roosevelt in 1916, which they insist proves that the political mantle of Roosevelt falls rightfully on the Senator from California and not upon General Leonard Wood.

Although Senator Johnson and General Wood have not been making any personal claims to the Roosevelt political legacy in the Republican Presidential campaign, supporters of each have been quarreling over the subject.

With a view to throwing light on the matter, Representative J. A. Elston of California, an active Johnson supporter, disclosed a letter written by Roosevelt to a California admirer who sought his political views before the last national campaign. In the letter Roosevelt paid high tribute to Johnson and proclaimed him as the one man in the country with whom he found himself in complete sympathy.

Colonel Roosevelt wrote the letter to Edgar Williams, a member of the State Civil Service Commission of California, in answer to a communication in which Williams related an interview he had with the late Booker T. Washington. He had asked Washington whom he considered the greatest man of his time, and Washington promptly replied, "Roosevelt."

ST. PAUL, Feb. 25.—United States Senator Hiram Johnson, who passed through here today on his way to Grand Forks, N. D., denied that he had made an agreement with leaders of the Non-Partisan League regarding support in North Dakota.

"I am not a non-partisan league," Johnson said. "I am a Republican. I am going to North Dakota to get Republican votes for President. I am coming to Minnesota for the same purpose."

Senator Johnson was quoted in a local interview as stating that he will "denounce the Republican primary for presidential election, which is to take place in Minnesota next month."

"A primary that gives the farmers one hour to vote and that at night is a fine primary, is not it?" he asked.

## R. A. Grover Named On Hospital Board

Notification of his appointment as a member of the board of managers of the Mendocino state hospital at Talma near Ukiah was received from Sacramento this morning by Ralph A. Grover, publisher of a local weekly magazine. Grover is to succeed Adolph Uhl of Piedmont, whose term expired. Governor William D. Stephens also announced the appointment of P. J. Lancaster of Wilts to the board to succeed A. F. Mayfield of Wilts, resigned. Grover has been a resident of Oakland for twelve years, coming here from San Francisco where he was associated with a weekly newspaper.

## POLICE FIXING SPEED TRAPS FOR PIEDMONT

PIEDMONT, Feb. 25.—A campaign for rigorous enforcement of the motor vehicle act is to be inaugurated by the Piedmont police department. Police Sergeant Fred Heere and Traffic Officer E. M. Mathieson spent today going over the map of Piedmont, laying out traps in which to catch violators of the speed law.

One appalling discovery was made in the survey of sites for speed traps, and that is that there is no street in Piedmont which goes more than half a mile without a turn. This complicates matters and greatly reduces the number of traps that can be laid.

The trap plan for catching speeders which the Piedmont police will put in force early next week provides a man at each end of the trap, who time the motorist in the measured distance between the two men. If they make the distance too fast, they are stopped and \$5 bail extracted.

## POLICE SEEK BICYCLIST

BERKELEY, Feb. 25.—Officers are searching for the youth who crashed into Mrs. L. C. Dore of 2260 Santa Clara avenue, Alameda, on his bicycle last night about 7:30 at Elmhurst and Allison way, injuring her so seriously that she had to be taken to the Roosevelt hospital. After hitting the woman, the boy rode rapidly away.

## BUY NOW, SAYS EASTERN EXPERT

"Buying Opportunities" was the subject of an address by Dr. O. P. Gifford of Boston, made before the Oakland Den. International Lions' Association, at the regular weekly luncheon at the Hotel Oakland today at noon.

"Buying opportunities were never greater than they are today," declared Dr. Gifford, who is a buying expert.

He pointed out that owing to the sudden decrease in exports, it left the way open for those at home to consume the goods and food that heretofore has been going to Europe, therefore making buying opportunities much greater today than ever before.

The program today included a song by Fred Woodward; Numerical Roll Call by Leroy Goodrich; "Taking the Veil" by Ross Littlefield, and a recitation by J. Cal Ewing.

AUTO DRIVER HELD.

Bail was fixed at \$2000. Etc., according to the police, imperilled the lives of many pedestrians during a wild drive on East Fourteenth street.

## PIERCE ARROW "The First Fifty"

Truck No. 23, with 535,000 miles to its credit, is called upon to tow a truck of other make. Owned by the Holidage Oil Company of California, it is used mainly for hauling heavy lengths of well-casing across the deserts. This task is a grueling test for the primitive roads shake up the truck mechanism severely, but the aged vehicle stands the strain.

The truck literally works night and day much of the time. The owners have adopted the policy of giving it the hardest work to save wear and tear on two newer Pierce-Arrow trucks owned by them. All repairs have been made by the owners, the old-timer never having been in a Pierce-Arrow service station for a thorough overhauling.

First Fifty Booklet can be had on application.

## LODGE CARES FOR STRICKEN FAMILY

Mrs. C. J. Lamphier and her five children, who were left destitute when Casper Lamphier, the husband and father, died at the county hospital from an attack of influenza last Sunday, are now in the hands of the Knights of Pythias lodge, of which Lamphier was a member.

Members of the order yesterday subscribed \$25 for immediate relief, and will pledge more soon. Joseph Hymann, who is in charge of the relief work, has requested that any member of the K. of P. or anyone else desiring to contribute to the relief of Mrs. Lamphier and her five children, send the contributions to him at 617 Eighteenth street or phone Oakland 5484.

K. D. Townner, who Mrs. Lamphier

alleges came to her home on the morning her husband died and secured all the money she had on the pretext that it was to be used to pay for her husband's hospital expenses, informing her at the same time that her husband was much improved and wanted to come home, and then disappeared with the money and clothes, has not been found by the police.

## Divorce Granted to Woman, Bride at 15

Testifying that she was married at the age of 15, in 1905, and that the first of her three children was born when she was 18 years old, Mrs. Ruth Jones was granted an interlocutory decree of divorce today from Joseph F. Jones. She said her husband accused her of running around with other men, threatened to cut her throat and throw her out of the window and frequently came home intoxicated. She declared she never gave him cause to be jealous of her. They lived at 2333 Foothill boulevard. Jones is employed in a cotton mill.

## MOTOR MEN JOURNEY TO S.F. EXHIBIT

By JIM HOULIHAN.

There is quite an assemblage of leading motor car manufacturers' officials at the San Francisco Automobile Show. The number, of course, doesn't compare with the gathering that participates in either of the two big western motor car presentations, nevertheless there are enough here to give one the impression that the show across the bay is assuming the eyes of the principal producers enough importance to justify a trip to the Trans-Pacific study the models that are on view here.

California goes in for special types of bodies to a far greater degree than does any other state in the union. There are more cars of the "de luxe" type to be viewed this week in the San Francisco show than one would likely see in a week's trip through every large eastern city. Oakland's successful show last month offered more special bodies than were displayed at the New York exhibition earlier in January. The only reason we see for such a condition is that California's boulevards lend themselves to a successful use of the semi-permanent type of body whereas the rough roads in most of the states beyond the Sierra are so rough that this kind of body would soon rattle itself loose.

**COLD WEATHER ESCAPED.**  
It is to study the California system of drilling up motor cars that offers one reason for the journey to the Pacific Coast taken by the various manufacturers. Other reasons, of course, are the mild climate of eastern centers, and to study, more closely, reasons for California's importance as a consumer of automobiles and trucks.

Among the nationally prominent makers now in San Francisco are C. W. Nash, president of the Nash Motors Co.; F. D. Moscovics, general manager of the Nordyke and Martin Co.; T. J. Toner, sales manager of the Maxwell and Chalmers factories; L. A. Van Patten, head of the Van Patten Advertising Agency, which handles among other accounts that of the Maxwell and Chalmers factories; George Kiesel, president of the Kissel Motor Car Co.; William Schultz, general sales manager of the Sandow Motor Truck Co.; and Barber Oldfield, former racing driver, who now heads the Oldfield Tire Co. There are others, too, those mentioned happening to be the only names which come to mind.

The general discouraging scheme which was commented upon at some length in last night's TRIBUNE, continues to provoke merited praise. The finished picture within the Exposition Auditorium excels to a large degree any previous attempt of the San Francisco dealers.

**NEW SALES RECORD.**  
Sales of cars and trucks surpass the same period of former shows. Preference seems to run to the "special jobs."

week, in attendance at which, are dealers from every point in the state, these meetings continuing from one day to a week. Last night was the meeting of the Chalmers and Lyon Pacific Coast organization, a convention, by the way, which is being held in Oakland. Last night the California Motor Sales Company had as its banquet guest, William Schultz, general sales manager of the Sandow Motor Truck Company. Tonight the Western Motors Company acts as host to its Northern California Maxwell organization, and its honor guests are T. J. Toner and L. A. Van Patten. Wednesday night the Lou H. Rose Company concludes a dealers' conference with a banquet to Toner and Van Patten. The last three days of the week will also be busy ones for the various organizations.

There has been a large attendance of prominent Eastbay people each night of the show—a much larger percentage than has been seen in previous years.

"I am going to confiscate that gun you are packing around in your hip pocket. Give it to me or I'll arrest you for carrying concealed weapons," said a man to Fred Briggs, 533 Fifty-seventh street, as he was riding home on a street car last night.

"Who are you?" demanded Briggs. The man pulled back the lapel of his coat and displayed a glittering star.

"Call for it at the city hall tomorrow," said the fake officer.

Briggs called for it this morning but the property clerk had no knowledge of either the officer or the confiscated gun.

## "WAS LUCKY DAY FOR ME" HE SAYS

McCluskey Suffered Seven Years From Rheumatism; Is Free From Trouble Now.

"I am feeling so fine since taking Tania that I can't tell I ever suffered with rheumatism," said Michael McCluskey, for fifteen years an employee of the California Paint Glass and Paint Co., living at 507 1/2 West Second street, Los Angeles. "For seven or eight years," he continued, "I have been bothered with bad case of rheumatism in my right leg all the way down to my ankle. My muscles were drawn up and I could not stand the pain. At times I could hardly stand them. At times I could do no work at all. I was all the time in bed, and every night I would start up and cry. I would sleep a wink. It looked like the more treatments I tried the worse I got. I could hardly get about. Finally I tried Tania and it was a lucky day for me when I did for it went straight after my rheumatism, and I felt so much better after taking the first bottle that I went to work. Then I bought another and now all traces of the rheumatism have left me and I am on my feet. I sleep like a log all night long and my appetite is so fine that I am hungry all the time. I have already gained ten pounds in weight and I am feeling better and stronger than I have in years. I will always have a good word for Tania because it put me back on my feet after everything else had failed. Tania is sold in San Francisco and Oakland by The Owl Drug Company stores.—Advertisement.

### Alkali in Soap Bad for the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is Mulsified coconut oil shampoo (which is pure and gentle), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulsified coconut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.—Advertisement.

## EIGHT HURT IN CRASHES WITH AUTOS

Eight persons, three Oaklanders and five living in San Francisco, were badly injured in automobile accidents yesterday. Laura Toli, aged 10, suffered concussion of the brain and other injuries when run down in the street in front of her home, 307 Wellington avenue, Oakland. The machine which struck the child was driven by Miss Ruby Hastings, 4711 Edgewood avenue, Oakland. Captain of Police Eddie Wallman said: "We investigated and found that the woman is not to blame."

John G. Galt, 2130 Thirteenth avenue, Oakland, was planned beneath their automobile, which was overturned in a collision at Fourth and Webster streets, and both parties were injured. Both are in the Emergency hospital. Peter J. Kronenberg, 1440 Twenty-third avenue, Oakland, drove the other machine and escaped uninjured.

Four persons of San Francisco are in a San Mateo hospital with injuries sustained when the automobile in which they were traveling on the State highway near there yesterday morning crashed into an oak tree. They are: Lawrence Remont, 1642 Forty-ninth avenue; Mrs. Birdie Fricke, 730 Tenth avenue; Fred Knight, 1637 Forty-seventh avenue; and a second woman, who has not been identified by the police. The driver is said to have lost control of the machine while it was going at a high rate of speed.

William S. Gelette, a real estate man of San Francisco, suffered a broken shoulder and internal injuries, which may prove fatal, when his automobile struck a concrete mixer and overturned.

## PASSENGERS ON LINER IN PERIL

SAN FRANCISCO, Feb. 25.—Two hundred passengers on board the Oceanic liner Sonoma are believed to be in peril as the result of the breaking of the ship's starboard propeller while 800 miles off Honolulu. Twelve naval district officials in Honolulu were requested by wireless yesterday to have a relief vessel ready to go to the Sonoma's assistance.

Officials of the Oceanic Steamship company said this morning that the ship was expected to reach Honolulu late this afternoon. They scouted the statement that there was any danger of the plates opening and said that no inconvenience was being caused passengers aside from the delay.

Reports yesterday indicated that the Sonoma was proceeding slowly toward Honolulu with the broken starboard tailshaft thrashing heavily and threatening to open stern plates of the vessel. Great anxiety was felt for the safety of the vessel, which was then 800 miles south of the Hawaiian Islands.

## KILLS WIFE AND HIMSELF; WINE BLAMED

VALLEJO, Feb. 25.—Wine is blamed by the sheriff's officers today for last night's double tragedy in which Isaac Herry shot his wife twice and killed her and then committed suicide at his home here. Herry's 16-year-old son fled out the back door when the shooting began and was not seen until he was brought to an account of the affair.

The life of his 16-year-old son was saved because a bullet aimed at him failed to explode, the son told the police today.

Herry, who lives at 1400 Broadway, just outside the city limits, had been drinking heavily from a vicious strong newly made wine which has been peddled rather freely in the neighborhood, according to the information the police have obtained from the neighbors.

The shooting is said to have started over protests against Herry's drinking that his wife is said to have made at the supper table.

The gun was a .38-caliber revolver and contained four shells. The coroner has established that as the wound was bleeding from the enraged man through the front door she held her left hand over her breast and that Herry's first bullet pierced her hand and lodged in her stomach. As she fell another shot pierced her shoulder.

Herry then returned to the kitchen, sat down and fired a bullet into his head.

## REVOLT IN MICHIGAN IS COLLAPSING

WASHINGTON, Feb. 25.—A complete investigation of the prohibition controversy in Iron county, Michigan, will be made by the Bureau of Internal Revenue, Commissioner Roper announced today.

H. M. Gavford, deputy prohibition commissioner, will have tonight for Grand Rapids and Iron River City to take up with the authorities there the controversy which led District Prohibition Commissioner Dalrymple at Chicago to declare the county in open revolt.

IRON RIVER, Mich., Feb. 25.—Michigan's "liquor revolt" simmered down today to a peaceable conference between Major A. V. Dalrymple and State's Attorney McDonough.

Following advice from Federal Prohibition Commissioner Krammer in Washington, Major Dalrymple said he would confer with United States District Attorney Myron Walker at Grand Rapids, for a conference.

A telegram from Dalrymple's chief today advised him to "proceed very carefully and not involve justice." It advised he follow the suggestion of Attorney General Palmer for a conference at Grand Rapids where an attempt will be made at settlement before legal steps are taken.

ORPHAN FUND. RICHMOND, Feb. 25.—According to a statement by County Auditor A. Sullivan, \$7500 will be received by this county from the state for the care of orphans for the past six months. There are 161 semi-orphan being cared for by this county, 103 being girls.

## Saloonkeepers of Juarez Sign Pledge

JUAREZ, Mex., Feb. 25.—Saloonkeepers of Juarez have signed a pledge not to sell liquor to intoxicated persons. This action was taken at the instance of Acting Mayor Rafael D. Martinez.

Senor Martinez recently called a meeting of the saloon men and explained that the city officials were held responsible for the acts of drunken persons, and that frequently such persons became prey to thugs and thieves.

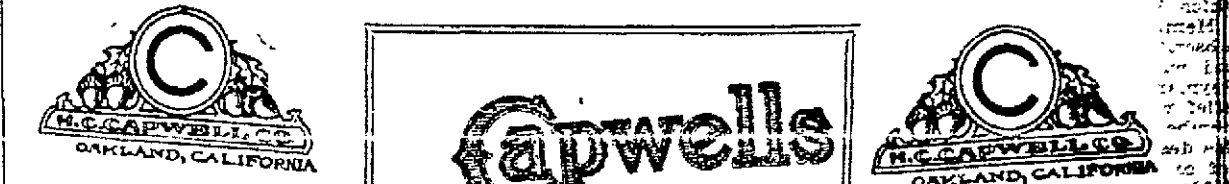

## MILL WRECKED AS BIG WHEEL FLIES TO BITS

EUREKA, Feb. 25.—The engine and boiler room of the Pacific Lumber Company mill at Scotia, near here, was wrecked late yesterday when a great flywheel broke and flew to pieces, hurling its heavy fragments in all directions. One of the fragments ripped through a concrete floor, tearing open the steam feed pipes from the boiler room.

SACRAMENTO, Feb. 25.—In 1917, the number of inebriates in the state hospitals has been reduced 75 per cent, according to an announcement made today by Marshall De Motte, chairman of the state board of control.

## "GLAD I DIDN'T TAKE CALOMEL"

You Never Wake Up Weak, Gripy or Sickened After Taking "Dodson's Liver Tone"—Listen!

Ugh! Calomel makes you sick! It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day. Calomel is mercury! When it comes into contact with your bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, try a spoonful of harmless Dodson's Liver Tone tonight. Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of Calomel because it can't salivate or make you sick—Add to stomach sour, try a spoonful.

## Just Folks

By Edgar A. Guest  
CASTOR OIL

I don't mind harkin', now an' then  
An' I can even stand it when  
My mother calls me in from play  
To run some errand right away.  
There's things 'bout harkin' just a boy  
That ain't all happiness an' joy.  
But I suppose I've got to stand  
My share o' trouble in this land.  
An' I ain't kickin' much—but say,  
The worst of Parents is that they  
Don't realize just how they spoil  
A feller's life with castor oil.

I notice, too, when Pa is ill,  
That he gets fixed up with a pill.  
An' Pa don't swallow mother rough  
An' make her swallow nasty stuff;  
But when I've got a little ache,  
It's castor oil I've got to take.

I don't mind going up to bed  
When I get the chapter read.  
I don't mind being scolded, too,  
For lots of things I didn't do.  
But Gosh! I hate it when they say,  
"Come! Swallow this an' right away!"

Let poets sing about the joy  
It is to be a little boy.  
I'll tell the truth about my case:  
The poets here can have my place.  
An' I will take their life of toil,  
If they will take my castor oil.

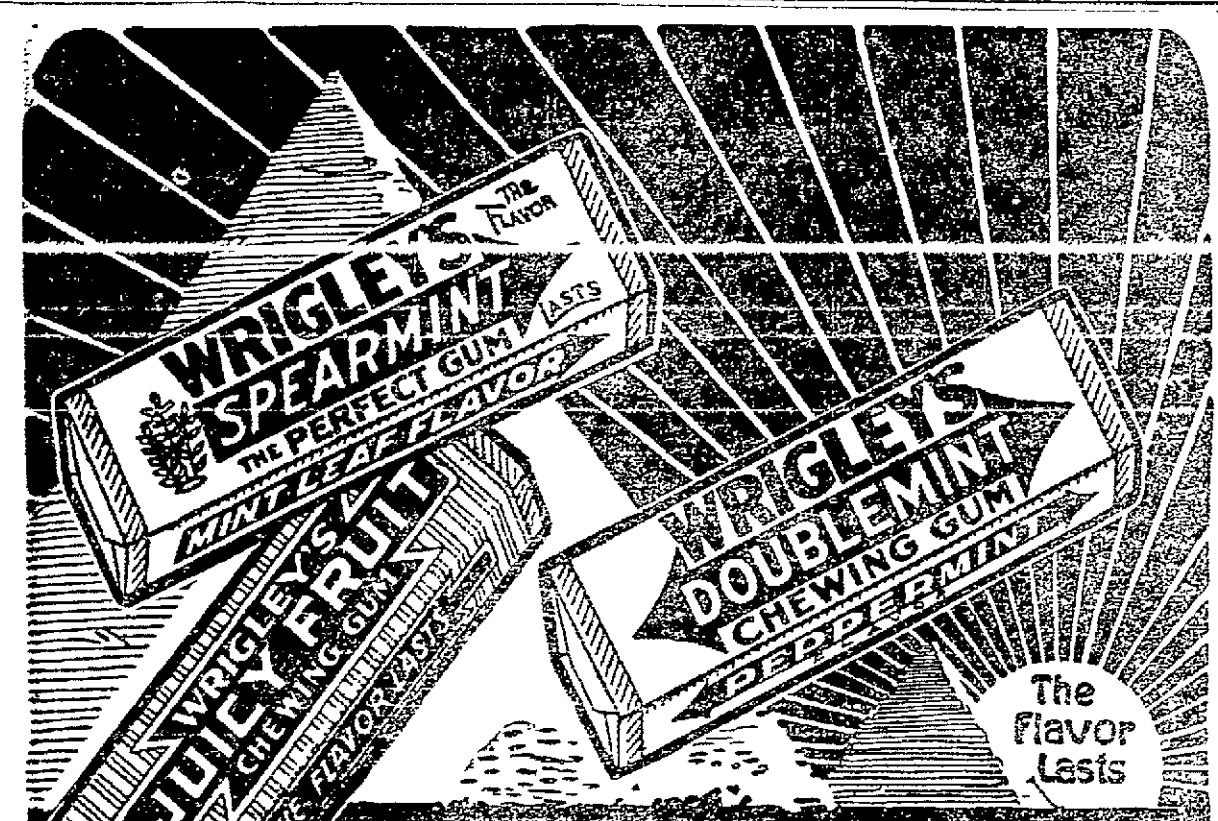

Of all the awful stuff, Gee Whizz!  
That is the very worst there is.  
An' every time I complain,  
Or say I got a little pain,  
There's nothing else that they can  
Think.

Kept castor oil for me to drink.

## MY HEART and MY HUSBAND

by ADELE GARRISON

WHY LILLIAN WAS LABORING UNDER A STRAIN.

"Went into Germany in search of Harry."

I repeated the words incredulously. Of all the queer situations which had resulted from Lillian's tangled life this seemed to me the most bizarre.

"All of a sudden," she said, "I was told that Harry was in Germany. I don't know that I was told it was his reason," she said, "but I am led to believe it from things he has said and written to me. And then the fact that only a few days after the disappearance of Harry and Harry behind the lines he got himself transferred to the corps of entertainers with the army of occupation, indicated very strongly that he had some idea of the sort in mind."

"I'd be willing to bet that he was going into Germany," I asked.

"No," she returned. "The last letter received from him was written weeks before that. But," she hesitated, "she was uneasy—and from another source I learned that from the moment he heard the report of the disappearance of Dicky and Harry he moved heaven and earth to get a chance to go into Germany."

USE VEGETABLES

Vegetables should be freely included in the winter diet as well as in the summer one. Doctors say that that tired-out feeling which many people have at the end of winter—spring fever—often comes from a lack of fruits and vegetables in the winter diet. Plenty of vegetables keep the children well and make their meals more appetizing. Vegetables should be put through a process of cooking which is easily digested by children.

Salts of many kinds are needed by the body, or it will not work smoothly. Vegetables and fruit are rich in them and if you eat a variety you are sure to get all the kinds of salt you need.

When the water in which vegetables are cooked is thrown away, valuable salts are often wasted. Sometimes the flavor is not desirable, but if it is good save this water for soup or gravy. An even better process is to cook the vegetables in as little water as possible so there is none left to drain off, or bake or steam them. Canned or dried vegetables often need only skilful seasoning to make them taste as good as the fresh variety.

Canned corn is very good when turned into a baking dish with the addition of milk and seasoning, allowed to brown on top. Outside stalks of celery, a green pepper, or both, chopped and added before baking, will vary the flavor of the dish.

## For Middle-Aged Men and Women

It isn't always on-coming old age that causes men and women in the middle years of life to slow up and feel a loss of ambition and energy. Weak or disordered kidneys do not filter waste matter and impurities out of the blood as they should, and backache, tired feeling, lameness, stiff joints, sore muscles, rheumatic pains, biliousness, irritation of the bladder, puffiness under the eyes or other symptom or silent apoplexy.

# THIS IS ROTARY'S BIRTHDAY

*One Club with 4 Members in 1905  
600 Clubs with 50,000 Members in 1920*

Community of Interests Begun in Chicago  
Fifteen Years Ago now World Famous as

# ROTARY

An Organization which in 600 cities of the United States and Canada and elsewhere has come to be known in each locality as a power for good, an example of high standards of ethics and personal character, and a cross-section of the substantial business element of each community.

The remarkable growth of Rotary has been spontaneous, entirely without the aid of systematic or paid organization work and stands today A Monument to A Big Idea which has "sold" itself

to the alert, wide-awake, progressive business element of America and of the World. Wherever you find a Rotary community, that community is led by the Creed of living Right.

To the Rotarian, Community Prosperity is greater than personal profit. His city is the "best in the country" and his country the "best in the world." The Rotarian is an all-wool, yard-wide he-man, who works hard, plays square, and gives with a smile. He has an eye for a neighbor's need, a hand trained to help, and a heart for true men, good women and little children.

## Origin

Rotary was born February 23, 1905. Four Chicago men, one a lawyer, one a mining operator, the third a coal dealer, and the fourth a tailor, decided on that day to organize a club. These men, drawn together through mutual acquaintance, proposed a series of meetings at their respective places of business.

The circle soon was enlarged by representatives from other lines of business so that within a year a membership of fifty was reached.

As the time came for each to act the host, he gave a discourse on his own business so that his guests might learn something worth while regarding it, and thus broaden their own knowledge concerning various businesses outside their own.

## Growth

In 1908, San Francisco, having learned of the Chicago Rotary Club, patterned one after it. This was in turn rapidly followed by others. Eventually, the National Board of Commissioners, a delegate body representing fourteen clubs, arranged the first National Convention. This was held in August, 1910, at Chicago. At that time the term "National Association of Rotary Clubs" was adopted, but a few years later was changed to "International" in recognition of a Canadian club represented and an application for membership from a club which had been organized in London.

Rotary is now established in the British Isles, in South America, Cuba, Hawaii, the Philippines, China and India.

All clubs seeking membership are carefully surveyed to insure proper caliber of personnel and adequate representation of sufficient lines of business to justify membership in the International Association.

The name "Rotary" was selected early in the life of the Chicago Club and was suggested by the early meetings which were held in "rotation" at the various members' places of business.

## The Rotary Platform

RECOGNIZING the commercial basis of modern life as a necessary incident in human evolution, the Rotary Club is organized to express that proper relation between private interests and the fusion of private interests which constitutes society.

To accomplish this purpose more effectively the principle of limited membership has been adopted, the Rotary Club consisting of one representative from each distinct line of business or profession. Each member is benefited by contact with representative men engaged in different occupations and is enabled thereby to meet more intelligently the responsibilities of civic and business life.

The basis of club membership insures the representation of all interests and the domination of none in the consideration of public questions relating to business. On account of its limited membership the Rotary Club does not constitute itself the voice of the entire community on questions of general importance, but its action on such questions is of great influence in advancing the civic and business welfare of the community.

The Rotary Club demands fair dealings, honest methods, and high standards in business. No obligation, actual or implied, to influence business exists in Rotary. Election to membership therein is an expression of confidence of the club in the member elected, and of its good will towards him. As his business is an expression of himself, he is expected actively to represent it.

Membership in the Rotary Club is a privilege and an opportunity and its responsibility demands honest and efficient service and thoughtfulness for one's fellows. Service is the basis of all business.

*He profits most who serves best*

## Objects

The "objects" of the are to encourage and foster—

High ethical standards in business and professions;

The ideal of Service as the basis of all worthy enterprise;

The active interest of every Rotarian in the civic, commercial, social and moral welfare of his community;

The development of a broad acquaintanceship as an opportunity for Service, as well as an aid to success;

The interchange of ideas and business methods as a means of increasing the usefulness of Rotarians;

The recognition of the worthiness of all legitimate occupations and the dignifying of the occupation of each Rotarian as affording him an opportunity to serve society.

## Membership

The Rotary Club is restricted to one member from each distinct line of business or profession. Such a plan makes for thorough representation by all branches of business, yet prevents an unwieldy number or the domination of any club by any one business or profession. Such a membership becomes an ideal forum for the consideration of public or civic questions. It prevents lagging interest, for if a lagger develops he is dropped for a new and alert member.

Contact and exchange of ideas with diversified business interests is broadening in every sense and tends to introduce fresh thought and new viewpoints into every business and profession represented.

Summed up, Rotary is Man's Humanity to Man at its Broadest, Biggest and Best.

## SODERBERG'S RESOLUTION VOTED DOWN

The City Council this morning refused to adopt a resolution introduced by Commissioner Soderberg denying the application of the Parr Terminal company for ratification of a sub-lease of a portion of the western waterfront property leased by the city to the Pacific Telephone and Telegraph company.

Following an offer by the Parr company to withdraw its application if furnished a written opinion from the city attorney that the sanction of the council is not necessary for the validity of the sub-lease, the case was referred to City Attorney Hagan for a written decision covering the point.

Application for the council's approval was filed by the Parr company several weeks ago and was referred to Commissioner Soderberg, who this morning furnished the council with a communication advising against the sanction of the lease and asking for the passage of a resolution denying the application. "It should be plain to any fair-

mined man that this most valuable piece of waterfront, which has cost the taxpayers of Oakland hundreds of thousands of dollars to develop, should not be used as a mooring place for barges of this character and as a graveyard for vessels not engaged in transportation," read a portion of Soderberg's communication.

Wilfred N. Ball, chief engineer of the Parr company, told the council that the company is more interested than the city in the development of shipping from the property and would not allow a move that would interfere with shipping.

When the resolution was called to a vote Commissioner Edwards asked to be excused from expressing himself and Soderberg voted for the denial of the application. The vote was lost with the opposition votes of Mayor Davis, Commissioners Baccus and Morse.

It developed during the discussion that under the lease held by the Parr company there is no necessity to secure ratification of sub-leases by the council, and an informal opinion to that effect was offered by City Attorney Hagan, who was given until Monday to render his written opinion.

**JAMES SUNKLAR RESIGNS**

In order to take up farming in Central California, James Sunklar, superintendent for the past ten years of Corporation Yard No. 1, has submitted his resignation to Commissioner of Streets William J. Baccus, to take effect at once. Pending an examination to be held by the civil service board, a temporary appointment will be made by Commissioner Baccus to fill the vacancy.

## NAVY AIRMAN OF ALAMEDA SAVES THREE

ALAMEDA, Feb. 25.—Ensign Emil Chourree, former Alameda high school football player, and now an ensign in the United States navy and stationed at Panama, has been especially commended by his commanding officer for his skill and bravery in rescuing three army balloon men from death in the ocean off Panama. The balloon with the three army balloonists broke from its moorings and sank in the water near where Chourree and a companion were hydroplaning. Spiraling to the surface of the water, Chourree so manipulated his hydroplane that the drowning army men could climb on the plane wings. They were taken ashore.

Chourree tells of the happening in a letter to a friend, E. F. Lipert, of 2115 Alameda avenue. The letter reads in part:

"When we were at an altitude of about 4500 feet Williams was piloting and I was taking in the scenery. I noticed that the kite balloon was farther from its hangar than it should have been. Its distance from the hangar increased as I watched so I took the wheel and called Williams' attention. He is a kite balloonist and knew at once that the kite was loose. We gave up all hope of altitude record, and took after the kite.

**SMASH IS AVOIDED**

"I shut off the motor and dove down to 5000 feet. As the kite approached us it rose. We had to keep clear, so all I could do was to circle around and await developments.

"After following the kite in a thirty-knot wind for about ten minutes the balloon went down. I had to do some fancy spiraling to keep near and yet keep clear. As they hit the water the basket submerged and it seemed as if the kite was anchored. But the balloon took another jump and away she went. I saw three heads bobbing around in the heavy surf. With a batch of kick of the rudder to get into the wind I circled around and swooped down on them. Williams was already half-dressed. I landed about fifteen feet from the three men struggling in the water. It was some surf and I fully expected to smash the plane. Williams dove. In 30 seconds he was swimming to the surface of the water and attempted to catch the mechanic's life preserver to the swimmers but he couldn't tow it. While he was swimming to two of the men I taxied the plane to bring the wing tip over the third man.

"I was able to grab and hang on till he could get his pep back. Then I gave him a turn and headed for the other two.

**ALL ARE RESCUED**

"I got close enough to run out on the plane and reach out my foot to the third man, a poor swimmer. He too, had just enough strength to hang on. I put his hand on a strut and hopped back into the cockpit to help Williams who was holding up the third man, now nearly drowned. Again I came close enough so that the mechanic and I could haul them up on the plane.

"While Williams administered first aid to the drowning I took the plane away from the beach where it was piled-up awaked us. With six men on a three man plane in a heavy sea I could not do much flying so I taxied towards Colon, three miles away.

## FIGHT BEGUN ON ORIENTAL STORES

A campaign against Oriental markets and expatriates was begun last night at a meeting of the Merchants' Exchange, when a discussion of the matter took place, the conclusion of which it was reported to a committee composed of President of the Exchange J. J. Murphy and Secretary Walter Walker.

An effort will be made, according to Walker, to induce the people to boycott the Oriental shops, who it was charged are doing a steady increasing number of shops in Oakland and building up a large trade.

It was charged during the discussion last night that in spite of the effort made on the part of the unions throughout the Eastbay district to impose a boycott on Oriental butchers, at least 50 per cent. of those who patronize the shops are people of the working class, whose interests are most vitally involved.

## TWO CITIES UNMOVED IN RAIL PLANS

resettlement franchise proceedings before the State Railroad Commission will have no effect as to the relocation of Berkeley from the actions of Oakland and Alameda, nor as to the attitude of the commission.

"Assurance that Oakland and Alameda will continue to cooperate with the commission in their efforts to fix a value on the properties of the San Francisco-Oakland Terminal Railroad Company has been given to the commission by Assistant City Attorney Leon Gray of Oakland and City Attorney W. J. Locke of Alameda. The assurance was made following an inquiry from Frank R. Hedwin of the railroad commission, who prefaced his query with a declaration that it would be idle for the commission to continue its labors if the cities are opposed to the plan.

He continued: "The commission will not be affected in its course by reason of any political situation and will pursue the valuation along lines it feels are absolutely right and consistent and honest and equitable to all concerned."

# Stop Agitating and Get to Work

Shall the first real opportunity to win the markets of the world for American Industry be blocked by agitators?

Shall unscrupulous agitators, interested first of all in their own pockets, be allowed to lure American workmen from their bench and thus rob them of their earnings?

Shall the traps set by agitators in the chief cities and industrial centers be permitted to ensnare American workmen and scare off capital? Shall the American payroll be shrunk in this subtle manner by agitators hired solely to befuddle American workmen and put them on a par with the cheap labor of the Orient?

The agitators' first purpose is to make strife between employer and employee and keep strife all the time at boiling heat.

The true American workman hates a sneak. He despises the coward that attacks from behind or in the dark. He detests the agitator that lacks the courage to fight in the open.

Whatever the subject under discussion may be, the native American workman prefers to meet it face to face, settle it face to face, and with its settlement bury resentment.

**He scorns the carrying of grudges and the thrust in the dark.**

Neither the American employer nor the employee can at this stage of America's prosperity permit underhanded methods. The interest and personal welfare in these premises are identical. It is a question of industrial profit for both.

While European manufacturers and working bodies are organizing their forces, paying strict attention to business and making inroads on our industries, America should not be held back a single hour by agitators or men who repudiate their word.

BURGLAR IS  
SHOT AT BY  
OAKLANDER

One burglar is believed to have been wounded when two were put to rout early this morning when they broke into the house of William E. Kosdy, 2794 Garden street, and were found by Kosdy in the act of looting the dining-room.

Although both burglars escaped, Kosdy fired a volley of shots after the fleeing thieves, and is confident that he wounded one of them. The man was seen to whirl around, pitch forward and then regain his balance and leap through a hedge. Kosdy followed him as far as the hedge, but lost sight of him in the darkness.

He then turned his attention to the second burglar who was running towards a corner, where he had a bicycle. When Kosdy was within fifty feet of the burglar he leaped on the wheel, and although Kosdy fired the cartridges remaining in his revolver after the speeding thief, he succeeded in escaping.

Kosdy stated to the police this morning that he first heard the men as they tried open the lock of the front door. He loaded his revolver and kept down the stairs and came upon them as they were just entering the dining-room. The burglars did not attempt to resist the man whose house they were about to rob. They fled precipitantly through the open front door. Kosdy hurried to shoot and instead turned on the porch light. This enabled him to get a good description of the thieves, which he gave to the police this morning. The man who is believed to have been wounded was a negro.

Divorce Is Granted  
Spouse of Convict

The closing chapter in a sensational murder committed in Oakland in 1908 was written yesterday with the granting of a divorce in San Rafael to Minnette Curtin from Robert E. Curtin, sentenced to life imprisonment for the killing of Jack Titus. Curtin went to the Titus home on San Pablo avenue and, without warning, shot Titus to death in the presence of Mrs. Titus and three children.

In his trial Curtin, who was a salesman, alleged that Titus had started trouble by his attentions to Mrs. Curtin. Mrs. Curtin gave as grounds for her petition that her husband was a "convicted felon."

The files at San Quentin prison show that Curtin was released last year on condition that he pass the remainder of his life in Honolulu.

Girl Lion-Tamer Quails Before  
Stone and Steel of County Jail

From runaway girl, through the romantic toils of the circus came to the bar of justice, has come IRENE JOHNSON, who is now in the Alameda county jail. Burglary is the charge on which the adventurous young woman is now awaiting trial.

Irene Johnson, Alias Dorothy Nelson, of Circus Career, Awaits Forlornly for Arraignment

Cracking her whip in the yawning jaws of roaring African lions as an animal trainer in a circus gave Irene Johnson, alias Dorothy Nelson, court.

After a professional "strong man" to bind and rob a Richmond photographer of \$335 at the point of a gun and to ally herself with dope fiends and criminals—but jail is another thing.

The petite, brown-eyed lassie of 21 summers appeared forlornly in the superior court here yesterday for arraignment on the charge of having robbed, on November 8, the home of Mrs. Manuel Brown of 614 Eleventh street, Alameda of jewelry, clothing, shoes and dresses. When her attorney did not appear and she was forced to go back through the steel barred doors of the county jail to await another hearing, she looked more pathetic than before.

She is accused of entering the photograph shop of Virgil Reed in Richmond on November 17, with holding him up at the point of a gun, binding him hand and foot and then robbing the place before his eyes. She was acquitted of the charge in the county court.

Bert Garrett, her companion, admitted she had done it to prove that she was not "yellow." Garrett was sent to San Quentin for the crime, while she was brought to Alameda county to stand trial for the Brown affair.

Clothes stolen from the Brown home and recognized in an Oakland cafe by Mrs. Brown led to Mrs. Nelson's or Miss Johnson's arrest by Inspectors John Gannaw and Alexander Shill, which explains her presence in jail.

"The strong man proved too much for me," she admitted today. "He wasn't like the lions at all. He crushed me, bruised me, beat me, threw me about the room and finally compelled me to leave him. The next day I became a parrot and a dict and was rescued from them by Garrett in jail."

"I associated with these people because my husband forced me to. I ran away from my husband and I do not know where he is now. Then Bert Garrett came and we got mixed up in these charges. I have incriminated myself trying to protect him. I suppose I might as well plead—but I won't say how I will plead. I am innocent of the robbery of the Brown place, but I cannot explain now."

"What will I do if I get out of jail? Oh, I can't say. Doubtless I'll get a job. I don't know what I'll do. I'll reform. I don't know what has become of my attorney. Perhaps he has deserted me, as I have no money."

Interviewed today at the county jail, Mrs. Nelson was attired in

THREE OFFER  
TO BAIL OUT  
MISS WHITNEY

Because of former friendship for Miss Anita Whitney, sentenced to from one to fourteen years in the penitentiary for criminal syndicalism, three Oakland citizens have expressed their willingness to go her bail during the ten days stay of execution granted by Judge James C. Quinn, 2000 Broadway, Oakland.

Warren Olney Sr. and Dr. Susan J. Fenton.

The time for arguments as to releasing Miss Whitney on bail has been set for 10 o'clock tomorrow morning, notice of intention having been delivered by Nathan C. Coghlan to the district attorney's office.

Attorney Coghlan, who has filed notice of appeal with the court, is basing that notice particularly on the claim that the information in no respect sets forth that a public offense was committed, that the verdict was not complete, being upon but one count in five, and that it did not state what offense was committed.

**RESOLUTION PRESENTED.**  
"It does not appear," said Coghlan in his argument, "what organization she is supposed to be a member of or whether she advocated or abetted criminal syndicalism."

A resolution from the Bay Cities Metal Trades Council asking that she be granted Miss Whitney's release in no respect sets forth that a public offense was committed, that the verdict was not complete, being upon but one count in five, and that it did not state what offense was committed.

In passing sentence on Miss Whitney, Judge Quinn said: "There is nothing to be said in a case of this kind except the mere pronouncement of the word of the law. Let the defendant be delivered to the custody of the warden of the penitentiary."

The motion for a stay pending an appeal was then granted and Miss Whitney was taken to the county jail. If her attorneys are successful tomorrow in having her admitted to bail she will be at liberty until March 2, when she must start her sentence, unless the appellate court directs otherwise.

**CHICAGO WANTS BEDACHT**  
Contrary to the general belief of court officials and to reports which have come from Sacramento, Max Bedacht will be tried in Chicago on a charge of "attempting to overthrow the government."

Bedacht, who was a witness both for and against Miss Anita Whitney, having been subpoenaed by the prosecution in having her admitted to bail she will be at liberty until March 2, when she must start her sentence, unless the appellate court directs otherwise.

Federal authorities are seeking in Oakland the "friend" of Martin Rotensch, of Savannah, Ga., who is under arrest on a charge of being associated with the Communist Labor party in this city. The Savannah man has never been in Oakland but joined the local party through the efforts of the mysterious "friend."

The district attorney will not protest against being granted, Deputy District Attorney Myron Harris said today.

One blue and one street dress, with a simple dark necktie, and her hair parted discreetly in the most severe fashion.

The tale of the life of Irene Johnson from the time she came from her home in Ashland, Oregon, is the old, old tale of a child in short skirts being thrown into bad company.

Five years ago, one night slipped from the laborer's cottage that constituted the home of her parents and fled with "another person" to Astoria. She spent the next few years of the peripatetic life, some drifting alone, homeless, without money, she attracted the attention of the manager of a circus, then touring the coast.

Those that followed were filled with color and adventure and peril for the little, quick-witted child of the Oregon hills. From training dogs to stand on their hind legs and walk about on their hind legs, she came to the stage where she posed upright on the heads of men.

After that the lions den. Fear was unknown to her then. But it has come to her since then with a terrible force. It is the fear of cold walls, of steel bars.

Mrs. Nelson will be arraigned in Superior Court as soon as her attorney returns or she gets another, some time next week.

POLICE TOO  
LATE; THIEF  
ROBS HOUSE

Furnished with a description by Mrs. J. S. Koford, 608 Jean street, wife of Superior Judge Koford, the police today are searching for the burglar who entered the home of D. L. Albert, 232 Santa Rosa avenue, last night and escaped with currency, jewelry and a watch which totaled nearly \$1000 in value.

The police are mystified to understand how the burglar worked so fast and managed to ransack the house within the space of the few minutes which elapsed between the time Mrs. Koford saw the man enter the Albert home, telephoned to the police and the time they arrived on the scene.

The Koford and the Albert yards join each other. Shortly before dusk last night, Mrs. Koford saw a man peep stealthily past her window with a gun in his hand. She opened a close view of the man. He tried the back door of the Albert home and, upon finding it locked, produced a pass key and entered the house. The police responded to the call sent in by Mrs. Koford, but when they arrived the burglar had escaped with his loot.

Thought by the police to be the same burglar who looted the home of D. L. Albert, the police are looking for the man who entered the home of Mrs. Carl Howard, 2315 Adelaine street, last night. The man was observed as he was entering the house by Mrs. Cedalis Dungan, 2317 Adelaine street.

Although he searched the house, he was unable to find anything which he wanted and finally left from a table. The description given to the police by Mrs. Dungan and Mrs. Koford tally closely.

BURGLAR TIES  
WOMAN TO BED

SAN FRANCISCO, Feb. 25.—Mrs. E. L. Fisher of 248 Eleventh street was gagged and bound to her bed while a burglar looted her home. John Miller of Portland, Ore., was robbed of \$1900 by two men who lured him into a vacant store to sell him liquor, and Policeman Rudolph Bergeron was stripped of his gun and beaten into unconsciousness by three thugs whom he was searching for concealed weapons, in a series of crimes committed by gunmen in this city last night.

Fisher woke about a knock to hear someone entering her room. Thinking it was her husband, she switched on the light, to be confronted by a masked man, who held a gun on her. She was gagged and tied her to the bedstead with her husband's scarf. After he had ransacked the apartment he fled, leaving Mrs. Fisher tied, in which position she remained until released by her husband three hours later.

Detectives Patrick O'Connell and Thomas Regan, with a description of the robber, are searching the city for the thug.

Policeman Bergeron met his Waterloo when he entered the garage of Charles F. Hanlon, at 1559 Jackson street, and found three men playing cards with automobile robes and a gun. The men claimed they owned the garage and invited Bergeron inside. While the officer was searching one of the men for concealed weapons, he was struck down from the rear, beaten into unconsciousness and left lying in the garage for two hours, when he was found by a passerby and taken to the hospital. He will recover.

Miller, who is staying at the Hotel Argonaut, was lured into an empty store at 329 Tenth street by two men who said they would sell him eleven cases of whisky. They robbed him of a \$1900 treasury note at the point of revolvers. Miller later pointed out Harry Cooper on the street to Policeman Leonard Tubin as one of the robbers. The other, he said, was Bert Longman. Cooper was arrested.

Barrows Firm in Ban  
On Robins Address at  
U. C. Church Program

BERKELEY, Feb. 25.—Minus addresses of any kind by Raymond Robins, former Chicago social worker and champion of the soviet government in Russia, the Young Men's Christian Association of the University of California today completed plans for the appearance of the terms of speakers coming to Berkeley in the interests of the inter-church world movement.

Robins will find no place whatsoever on the college program as a result of the failure of President David P. Barrows to extend a desired invitation to him to address college students. While Y. M. C. officials declare that Robins' engagements and a sudden change in plan will prevent him from appearing on the campus, his failure to receive an invitation from the state university heads has brought about a sudden change in plan. It had been expected that Robins would be the principal speaker at Friday's university meeting on the campus, for Robins' address was one of the engagements and a sudden change in plan will prevent him from appearing on the campus, his failure to receive an invitation from the state university heads has brought about a sudden change in plan.
